Summary

Versatile Theatre Technician, Maker, and Designer with a B.A. in Digital Art and Design and extensive experience in shop supervision, lighting tech, and set construction. Certified in multiple welding disciplines with strong technical directing and stage management foundations. Combines background in UX/UI design and digital illustration with heavy fabrication skills to bring complex stage environments to life.

Production Experience

Lighting Technician

University of West Florida | 2020 – 2024

- Assisted with technical rehearsals, instrument hang, circuiting, and focus for mainstage productions, including *Shakespeare in Love*.
- Maintained theatre technical spaces and prepared equipment for future runs.

Technical Director / Set, Lighting & Sound Designer

Newsome High School Troupe | 2017 – 2020

- Conducted and supervised set, lighting, and sound designs for over a dozen theatrical showcases and community auditorium events.
- Competed regionally and state-wide at Florida Theatre Conference (FTC) and District 9 in Set Design categories.

Student Director & Assistant

Newsome High School | 2019 – 2020

- Solo-directed a junior production of *A Christmas Carol*, managing a student cast and coordinating basic tech elements.

Workshop Supervisor & Technical Assistant

University of West Florida | Aug 2022 – May 2024

- Supervised Wood and Metal Workshops, training and certifying peers on proper tool usage and strict safety protocols.
- Built custom sculptures and minor set elements; maintained operational efficiency of all heavy machinery.
